## Year-End Checklist

We are pleased to send you this checklist as a reminder for you to perform important year-end tasks and generate critical accounting reports from your Tri-Technical Systems, Inc.'s AIMsi accounting software. We will need these reports during our year-end accounting engagement.

Because many year-end AIMsi accounting reports can only be accurately generated after the close of business on June 30th, 2010, but before business begins in July, 2010, it is essential you run these reports. If you need any guidance, please email me at [daniel@fkco.com](mailto:daniel@fkco.com).

A few last minute reminders:

1. Make the back-up and keep it handy. This has saved a lot of extra time with many clients this year to access various reports. (If you need more instructions on how to make the back-up, let me know.)
2. Don't forward date any transactions.
3. Watch your "invoice date" with you're A/P. Once you run the list on 6/30, you won't want to back-date any A/P invoices, unless you manually enter them onto the printed report to keep the General Ledger in balance.
4. Contact us if you have any questions on "how-to" do something in AIMsi. We are happy to assist you!

Accordingly, we strongly suggest you perform the following tasks as part of your year-end closing procedures:

**"X" if  
you've  
completed**

1. Make any required adjusting entries to the general ledger to make sure all amounts on 06/30/10 are correct and all subsidiary ledgers agree to amounts carried on the G/L trial balance.
